0 % Alcohol 100 % handcrafted

### ORIGIN

### CLIMATE

Moderate-Mediterranean, influenced by the Alps and and Lake Constance

### SEA LEVEL

400 - 460 m, gentle to steep moraine landscape

### SOIL STRUCTURE

skeletal soils, sandy loam with gravel

### A GLASS OF FLEIN

Flein is varietal grape juice of the highest quality. Three wine-growers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

### GRAPE VARIETIES

Müller-Thurgau and Bacchus - typical grape varieties of the wine-growing regions of Bavarian Lake Constance and Franconia - carbonated.

### FOOD PAIRING

As an aperitif or accompaniment to light appetizers and salads. Sparkling pleasure for lively hours. 100% party, 0% alcohol.

### JUICE DESCRIPTION

Beguiling nose of white lime blossom and elderberry. Fresh and lively on the palate, with a fine fruity finish and a desire for more.

### SCHMIDT AM BODENSEE

Weingut Schmidt am Bodensee stands for refined, precise and balanced winemaking. Pivotal to success are the quality of the grapes and the uniqueness of their vineyards. The family run business stands for sensitive vinification, hospitality and pleasure as contributors for an enhanced quality of life.
