## A GLASS OF FLEIN

Flein is varietal grape juice of the highest quality. Three wine-growers from the Alpine region, all of them long-time friends, refine their region-typical grape varieties into juices which open up new dimensions of taste - either as an aperitif or food companion.

The grapes for Flein come from vineyards that were selected specifically for the production of the juice. The cultivation of the vines, like the harvest, is done carefully by hand. Gently pressed like champagne and pasteurised using the latest technology, Flein enables variety-typical aromas. Flein comes with a surprising freshness, elegance, and lively acidity.

## ZWEIFELT

The Zweigelt grape variety is a cross between St. Laurent x Blaufränkisch. It is the most common red wine variety in Austria and also grows in small but fine quantities at Lake Constance.

## FOOD PAIRING

Pairs well as an aperitif, as an accompaniment to cold dishes such as salads and light fish and poultry dishes, with pasta and light cheeses.

## JUICE DESCRIPTION

Delicate salmon color. Fruit aromas of plum, cassis, dark wild berries with an echo of herbal spice and cocoa.
